OFFICE OF PETITIONS

In re Application of
Nton Kitapini, et al.
Application No. 10/652,929
Filed: September 2, 2003
Attorney Docket No. None

ON PETITION

This is a decision on the renewed petition under 37 CFR 1.137(b) to revive the above-identified application, filed September 29, 2008.

The petition is **GRANTED**.

The application became abandoned for failure to timely pay the issue and publication fees on or before August 5, 2005, as required by the Notice of Allowance and Fee(s) Due, mailed May 5, 2005, which set a statutory period for reply of three (3) months. Accordingly, the application became abandoned on August 6, 2005. The present petition is filed in response to a decision dismissing petition mailed August 5, 2008.

This application has been abandoned for an extended period of time. The U.S. Patent and Trademark Office is relying on petitioner's duty of candor and good faith and accepting the statement that "the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional." See Changes to Patent Practice and Procedure, 62 Fed. Reg., at 53160 and 53178; 1203 Off. Gaz. Pat. Office, at 88 and 103 (responses to comments 64 and 109) (applicant obligated under 37 CFR 10.18 to inquire into the underlying facts and circumstances when providing the statement required by 37 CFR 1.137(b) to the U.S. Patent and Trademark Office).

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of the \$700 issue fee, \$300 publication fee and an executed declaration; (2) the petition fee of \$750; and (3) an adequate statement of unintentional delay.

It is noted that petitioner has again failed to file an appropriate change of correspondence. Form PTO/SB/122 is being enclosed for this purpose. While a courtesy copy of this decision is being mailed to the address on the petition, any future correspondence regarding this application will be mailed solely to the above noted address of record.

The application is being referred to the Office of Data Management to be processed into a patent.

Telephone inquiries related to this decision should be directed to the undersigned at (571) 272-3204. Telephone inquiries related to processing as a patent should be directed to (571) 272-4200.
